The Angelus

DID you ever sit and look longingly at your piano, wishing that one of your friends would come in and play for you, or better, that you could play it yourself? If we should send in to you at one of those moments an ANGELUS, move it up to your piano, give you your choice of all your favorite music, and tell you to play to your heart's content, do you suppose we could ever take that ANGELUS away from you? Never! Many and many a delighted owner has written that no amount of money could buy his ANGELUS if it could not be replaced.

This is not an exaggerated way of speaking either, it is simply a tribute to the marvelous sympathy and musical expression of the instrument.

Perhaps you know in a general way that the ANGELUS felt-covered fingers strike the keys of a piano more correctly than your own could—that by pressing little levers you can control the loud or soft pedals, play rapidly or slowly, bring out the melody and subdue the accompaniment,—but do you know what you can do with the new ANGELUS phrasing lever? This latest is the most important invention ever perfected for a piano-playing instrument, and is only to be found on the ANGELUS. It is the crowning feature of this wonderful instrument, which places in your power the ability to reproduce every touch, grace, and art known to piano-playing technique.

Cut out and mail today, attached coupon, simply filling in your name and address, and we will send you our new illustrated booklet, describing this last wonderful invention.

THE CODE OF HAMMURABI

Translated by ROBERT FRANCIS HARPER,
Professor of Semitic Languages and Lit-
eratures in the University of Chicago ::

THE CODE OF HAMMURABI, recently discovered by de Morgan at Susa, is acknowledged to be an exceedingly valuable discovery because of the light it throws upon the laws and customs of an ancient civilization.

This volume contains not only the translation, but the complete text, and transliteration, as well as many historical and philological notes. The character and value of the edicts composing the Code may be seen from the following examples :

§ 3.

If a man, in a case (pending judgment), utters threats against the witnesses, (or) does not establish the testimony that he has given, if that case be a case involving life, that man shall be put to death.

§ 4.

If a man (in a case) offers (as a bribe) grain or money to the witnesses, he shall himself bear the sentence passed in that case.

§ 21.

If a man practices brigandage and is captured, that man shall be put to death.

Published February 1, 1904. Price, \$4.00, *net*.

Nearly 7,000 of the Burlington's 8,700 miles of road are located entirely within the Louisiana Purchase. Within this territory are the corn belt, the wheat belt, the widest live-stock areas, the greatest scenic wonders, the richest mineral regions of the United States.

The Burlington has been built through the heart of the Louisiana Purchase and is conceded to be the greatest and best railroad within its limits.

DIRT IS VARIOUS—always out of place.
It mars lives and homes and people. 'Tis the
best of good manners to be clean. A cake of
HAND SAPOLIO is half a social introduction. Its
price is small, its use a fine habit.

HAND SAPOLIO, for toilet and bath, is a
delicate preparation, as necessary for you as Sapolio
is for the home. Should be on every washstand.
It keeps the skin soft, removes stains, and in the
bath aids natural changes of the skin, and gives
a delightful sensation of new life. Try a cake.
